

# ILION SALES MONITOR

*I manage my brands, they do not manage me*

## ILION SALES MONITOR APPLICATIONS PLATFORM **CENTRAL SALES SUPERVISION**

Centralized sales monitoring solution for Shopping Centres.

**Ilion Sales Monitor**, centralized sales monitoring solution, allows real-time monitoring of each and every POS sales done at each brand with any level of detail required.

### Advantages.

ISM, centralized sales monitoring solution, allows to:

- Audit and / or prevent fraud at the Cash Register.
- Define the most profitable mix of products and brands.
- Optimize calendars and opening hours.

### Features.

- Solution without infrastructure investment: web portal in pay per use model.
- Fast placing in service.
- Integrated and compatible with any POS in the market.
- Aimed to management reporting: sales by concepts such as per m2, product type, time slots, etc...
